Family Dinner on the Farm
Sunday, September 15th, 2019
Opportunity for Sponsorship
Oxbow inspires people
to eat healthy, sustainably grown food and to steward our natural resources for future generations.

How we do it

The entire Oxbow ecosystem serves as a living laboratory where we:

Practice and research ecological agriculture to grow healthy, nutritious produce

Study and grow resilient native plants, and share what we learn with others

Restore and care for 240 acres of forest and farmland in the Snoqualmie River Valley

Educate kids about food and nature on the farm and in school classrooms

Why we do it

Honoring the very soil that sustains us, taking the time to learn from the land that nurtures us, and passing that knowledge on to our children, is the best possible life insurance policy we can provide for ourselves, for future generations, and for the planet.

You’re invited you to be a part of it.
With a goal to raise $100,000, Oxbow is excited to host our third annual Family Dinner on the Farm: an evening of organic fun, food, and celebration of the Earth. Help us reach our goal by becoming a sponsor. Your support directly impacts our ability to reach more children and adults with our programs, continue to put eco-agricultural research into practice, and work toward our overall mission.

Oxbow’s Family Dinner on the Farm
Sunday, September 15th, 2019, from 3-7PM
at Oxbow Farm & Conservation Center in Carnation, WA

This year we are thrilled to work with Novelty Hill-Januik Winery and their Executive Chef Liam Spence to deliver a truly memorable Sunday supper.
