

FAMILY DINNER

ON THE FARM

A MAGICAL EVENING. A MINDFUL MEAL. A SETTING LIKE NO OTHER.
SUNDAY, SEPTEMBER 12, 2021, 3 - 7 P M

OXBOW INSPIRES PEOPLE

To eat healthy, sustainably grown food and to steward our natural resources for future generations

WHY WE DO IT

Honoring the very soil that sustains us, taking the time to learn from the land that nurtures us, and passing that knowledge on to our children is the best possible life insurance policy we can provide for ourselves, for future generations, and for the planet.

HOW WE DO IT

The entire Oxbow ecosystem serves as a living laboratory where we:

- Practice and research ecological agriculture to grow healthy, nutritious produce
- Study and grow resilient native plants, and share what we learn with others
- Restore and care for 240 acres of forest and farmland in the Snoqualmie River Valley
- Educate kids about food and nature on the farm and in school classrooms.

JOIN US AS OUR HONORED GUEST BY SPONSORING OUR WORK

Your support directly impacts our work to build climate resiliency, educate all ages about the health of the land and the food it provides us, and to share the harvest with those who need it most.
